Dear Sir.—For three years I have been afflicted with a Cough, so distressing that I frequently dispaired of recovery; much of the time I was obtiged to sit up all night in my chair, as my cough would sufficate me when I laid down. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL which under Providence has cured me altogether.

I am with gratitude yours,

Dr. Aver, Lowell. Draw Sir. I have for years been afflicted with Asthma in its worst form, so that I was obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, to no purpose, until my physician prescribed, as an experiment, your Cherry Pectoral.

At first it seemed to make me worse; but in less that a week I began to experience the most gratifying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy.
